## RALLY OF MOROCCO 2011

Preparation before the Dakar 2012

The Rally of Morocco 2011 came to the end this Saturday the 22nd October,  
after six days of consecutive legs.

Nine vehicles run in Donerre.

Find the detail of these legs on the Donerre website, "News".  
(<http://www.donerre.fr/actualites.php?langue=en>)

The essential :

The two trucks of De Rooy, equipped in Donerre, arrived 1st and 2nd : a very  
hopeful result for the Dakar 2012 !

Despite a flat during the first leg, and a missing waypoint during the 5th day, the  
Dutch Gerard De Rooy finishes at the second rank in the trucks class, behind  
his team mate Miki Biasion, ancient double world rally champion.

Francisco Lopez, who rides in Donerre too, win the rally of Morocco in his class  
: SSV. We retain a superb 15th best scratch in the 2nd leg.
