## 10/01/2012 - STAGE 9

### Dakar Rally

Antofagasta ---> Iquique

Connection : 9 km  
Special (car) : 556 km

Reminder :

On the last stage (the stage 8), some pilots of moto remained stuck in a muddy way for several minutes. However, the route was then changed behind them... Here is the statement informing the compensation applied to not penalize them unfairly :

"The times posted by the first motorcyclists to hit the course this morning have been rectified by the race officials after several riders got stuck in the mud near km 10. Given that the route of the special was changed after the seventh motorcycle went through (in order to prevent the entire caravan from getting stuck in the muddy rio), the race directors decided to deduct the time lost by Coma, Despres, Gonçalves, Rodrigues, Farrés Güell, Ullevalseter and Casteu from their final times. As a result, Marc Coma seized the lead with a 1'26" margin over Cyril Despres."

Info : Marc Coma (2nd at the overall) had managed to avoid the muddy way, while Cyril Despres (1st) had lost about 8 minutes, in other words all of his overall lead.

In short :

Trucks :

- Full podium for the team De Rooy !
- Miki Biasion 1st, Hans Stacey 2nd, Gerard De Rooy 3rd !

And the classification for the motos, which run with the Donerre technology (but with WP shock) :

### INFO :

All competitors who have chosen to change their engine receive a penalty of 15 minutes. This is the case of Despres and Coma.

- Cyril Despres (n°2) makes the best time, but due to his penalty, he's 2nd of the stage, and retains its leading position in the overall standings !

- Marc Coma (n°1) signs the 2nd best time but these 15 minutes added position him to the 6th place of the stage. No change in the overall : he's still 2nd, with 2'28 behind Despres
