

FLASH INFO

D-32 : more than 1 month before the Dakar !

To this date, the rider's list for the Dakar 2012 is composed of 452 vehicles : 182 motorbikes, 31 quads, 165 cars and 74 trucks.

A fifty of vehicles should take the start equipped in DONERRE technology. Effectively, present in all disciplines, we work with differents vehicles : autos, trucks, SSV, quads... And also motorbikes, equipped with the famous Detra from Donerre, called Trax in the WVP company. The boats carrying vehicles are already on the way (for 1 month of voyage) towards the South America ...

From the 1st to the 15th January 2012, the convoy will start from Mar del Plata, will follow the Andes Mountain, passing through Argentina, Chile and then Peru : Pan American epic of more than 9000 km in total

Donerre will be there for 2 test days in Argentina, at D-18, to do the last settings before the Dakar ! A team ready to move at the other side of the planet to assure to our customers the highest service level !

Donerre expansion !

In the offseason rather quiet (preceded by a dense activity due to the preparation of Dakar), Donerre welcomed three new arrivals!

Donerre counts today 11 employees, and receives regularly various interns.

A dynamic company, always looking for innovative research and development, and present in many disciplines of motorsport.

Donerre moves at exhibitions, races or tests, to ensure that the image that the company returns is good. We also take account of all the echoes that can be received to assure a continuous improvement of our products and of the quality of our services.
